STRATEGY & PROCESS DESCRIPTION

This portfolio concentrates on companies with market capitalizations between \$50 million and \$500 million. Once a stock reaches twice the upper market cap limit, or \$1 billion, it will be sold from the portfolio.

Utilizing fundamental characteristics, our Quantitative Equity platform employs robust models that systematically combine value, contrarian, and momentum factors to identify undervalued stocks. Our research has proven that the factor categories that determine stock price performance often vary across economic sectors and capitalization ranges. Due to the number and unique combinations of factors utilized, our sector-specific models allow us to efficiently and unemotionally analyze the designated universe of stocks, providing objectively determined buy and sell decisions.

WEDGE Capital Management L.L.P. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. WEDGE Capital Management L.L.P. has been independently verified for the period January 1, 2013 through December 31, 2016. The verification report is available upon request. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. WEDGE Capital Management L.L.P. is an SEC registered independent investment adviser owned by eight general partners. The firm was founded in 1984 and provides a range of equity, fixed income, and balanced investment products to institutional and other investors. The firm's policies for valuing portfolios, calculating performance, and preparing compliant presentations, as well as a list of all composite descriptions, are available by contacting the Performance Group, WEDGE Capital Management, 301 S. College Street, Suite 3800, Charlotte, NC 28202 or performance@wedgcapital.com.

Performance data is historical and is no indication of future results. Valuations and returns are in U.S. dollars. Beginning April 2004 performance includes accruals. Internal dispersion is calculated using equal-weighted standard deviation of all portfolios that were included in the composite for the entire year. Investment returns reflect the reinvestment of dividends and/or interest. Gross performance results are presented before management fees but after all trading expenses.

Micro Cap Value: The Micro Cap Value composite was created on 01/01/2004. The composite consists of discretionary accounts of WEDGE Capital Management L.L.P. with a minimum of \$1MM invested in the Micro Cap Value strategy. The Micro Cap Value strategy is actively managed and invests in companies traded on U.S. exchanges with a market cap of \$50MM to \$500MM. Net returns are calculated by subtracting the highest applicable management fee (1.25% on an annual basis, or 0.10% monthly) on a monthly basis from the gross composite monthly return. The management fee schedule is as follows: 1.25% on total assets. See Part 2A of Form ADV for details of management fees. The appropriate index is the Russell Microcap Value Index which measures the performance of the microcap value segment of the U.S. Equity market. It includes those Russell Microcap Index companies with lower price-to-book ratios and lower forecasted growth values. The index includes the reinvestment of dividends. Investors cannot invest directly in an index.
