STRATEGY & PROCESS DESCRIPTION

This portfolio concentrates on companies with market capitalizations between \$1.0 billion and \$20.0 billion. Once a stock reaches \$30 billion, it will be sold from the portfolio.

Our research-driven approach to value investing and portfolio construction defines our Traditional Equity platform. We first apply systematic quantitative analysis to evaluate companies and industries with favorable value and return characteristics. Approximately 35% of the stocks in the product universe make it through our proprietary screening models and qualify for further research. Our experienced equity research teams then perform comprehensive company and industry analysis. Our multi-step recommendation process encourages constructive debate among members of the investment team. We rely on strong buy/sell disciplines to ensure adherence to our value and quality philosophy.

WEDGE Capital Management L.L.P. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. WEDGE Capital Management L.L.P. has been independently verified for the period January 1, 2013 through December 31, 2016. The verification report is available upon request. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. WEDGE Capital Management L.L.P. is an SEC registered independent investment adviser owned by eight general partners. The firm was founded in 1984 and provides a range of equity, fixed income, and balanced investment strategies to institutional and other investors. The firm's policies for valuing portfolios, calculating performance, and preparing compliant presentations, as well as a list of all composite descriptions, are available by contacting the Performance Group, WEDGE Capital Management, 301 S. College Street, Suite 3800, Charlotte, NC 28202 or performance@wedgcapital.com.

Performance data is historical and is no indication of future results. Valuations and returns are in U.S. dollars. Beginning April 2004 performance includes accruals. Internal dispersion is calculated using equal-weighted standard deviation of all portfolios that were included in the composite for the entire year. Investment returns reflect the reinvestment of dividends and/or interest. Gross performance results are presented before management fees but after all trading expenses.

Mid Cap Value: The Mid Cap Value composite was created on 10/01/1995. The composite consists of discretionary accounts of WEDGE Capital Management L.L.P. with a minimum of \$1MM invested in the Mid Cap Value strategy. Prior to 2012, any discretionary taxable accounts were included in a separate composite. The Mid Cap Value strategy is actively managed and invests in companies traded on U.S. exchanges with a market cap of \$1B to \$20B. From 10/95 to 08/00, the composite also included one taxable account. Net returns are calculated by subtracting the highest applicable management fee (0.75% on an annual basis, or 0.06% monthly) on a monthly basis from the gross composite monthly return. The management fee schedule is as follows: 0.75% of the first \$10MM under management, 0.65% on the next \$15MM, 0.50% on the next \$75MM, 0.40% on the next \$50MM, and 0.30% on all assets over \$150MM. See Part 2A of Form ADV for details of management fees. The appropriate index is the Russell Midcap Value Index which measures the performance of the mid cap value segment of the U.S. equity universe. It includes those Russell Midcap Index companies with lower price-to-book ratios and lower forecasted growth values. The index includes the reinvestment of dividends. Investors cannot invest directly in an index.
